

1. ročník – Geometria

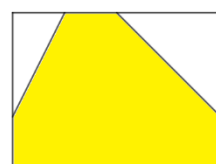

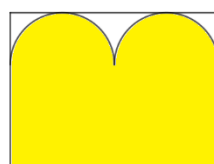

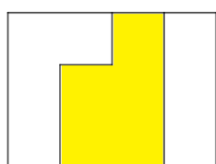

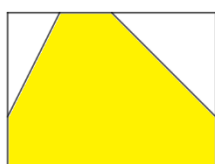

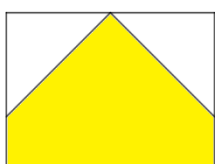

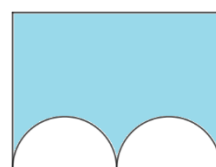

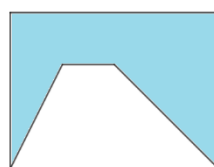

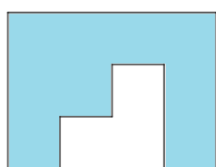

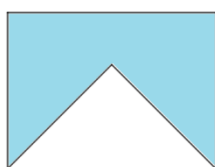

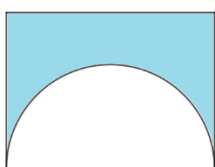

1. Koľko kociek tvorí jednotlivé stavby?

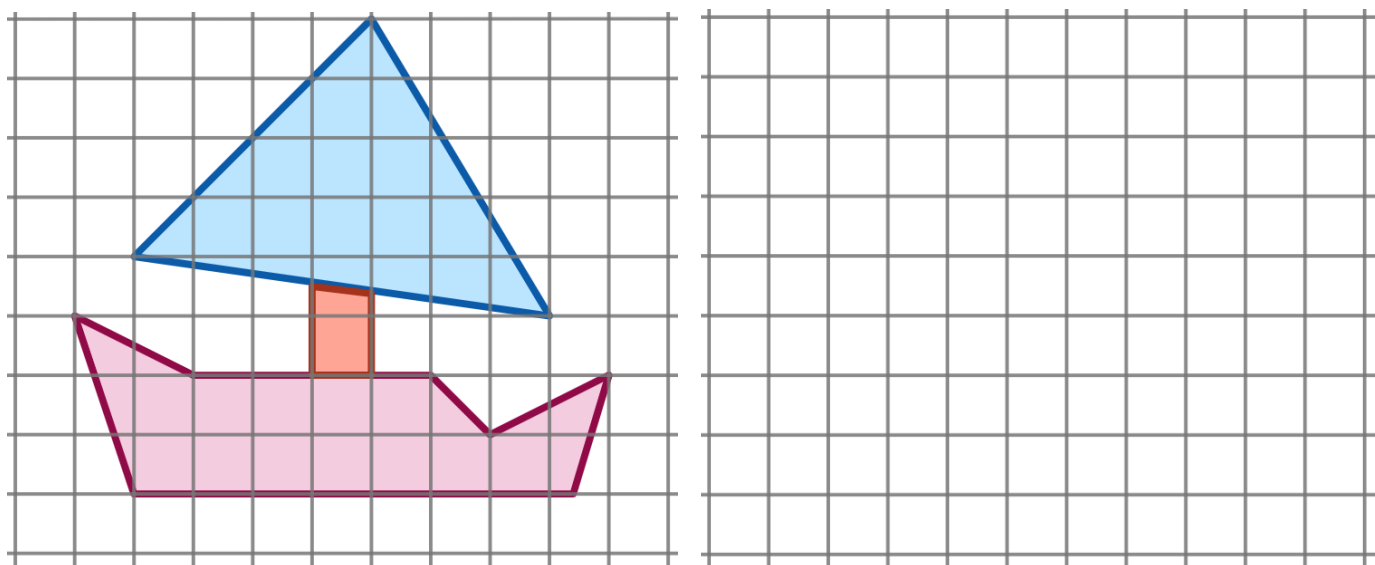

2. Tento príklad je možno trochu náročnejší. Verím, že to zvládneš. Dokresli ďalšie tri vlajky, ktoré by sa mali opakovať v správnom poradí. Samozrejme ich aj vyfarbi ☺

3. Spoj čiarou správne dvojice

4. Prekresli pomocou pravítka a potom vyfarbi

5. Doplň písmená na správne miesto v tabuľke
